December 13th and 14th**

SEQUOIA CONFERENCE CENTER
EUREKA, CA

HOSTED BY

Berkeley
UNIVERSITY OF CALIFORNIA

University of California
Agriculture and Natural Resources

IN PARTNERSHIP WITH

ARCCA
Alliance of Regional Collaboratives
for Climate Adaptation

SAVE THE DATE!

WORKSHOP PURPOSE

California's Climate Change Assessments contribute to the scientific foundation for understanding climate-related vulnerability at the local scale and informing resilience actions, while also informing State policies, plans, and programs to safeguard California from climate change. The Fourth Assessment includes reports for nine regions of the state, including climate impacts and adaptation solutions for the North Coast region. This workshop will share the findings from the Fourth Assessment and provide an opportunity for interactive dialogue and information sharing to support climate change action in the North Coast region.

Thursday, December 13

- Overview of the Fourth Climate Assessment for the North Coast Region
- Interactive session on regional needs, strategies and options for climate action
- Funding strategies for climate action

Friday, December 14 (half day)

- Technical tools and data to support climate action
