

# Karuk Tribe 2021 Training Series

## S-219 Firing Operations (Single Resource) Training

### Open to All • Free

**Online: Feb 23 / Field Day (Orleans, CA): Feb 24**  
**Time: 0800 – 1700**

This course was developed using a blended approach to learning. Students are required to complete the online training portion of the course prior to taking the ILT. The course introduces the roles and responsibilities of a Firing Boss, Single Resource (**FIRB**), and outlines duties of other personnel who may engage firing operations. The course discusses and illustrates common firing devices and techniques. Although comprehensive in nature, the course work is not a substitute for the dynamic fire environment. The course provides students with important information regarding general tasks required to be successful. Any opportunity to show students a real ignition or demonstrate the use of an actual firing device will assist in transferring these new concepts and skills to the job. There is an optional field day outlined in the course, it is the discretion of the delivery unit to include the field day; however, if logistically feasible it is suggested by NWCG that a field day be conducted.

*This event is sponsored by the Karuk Tribe. This class is designed to provide up-to-date fireline safety information to all new firefighters required to complete this training per the PMS 310-1, Wildland Fire Qualification System Guide and FS5901.17. This class is sponsored and hosted by the Bureau of Indian Affairs, and is part of a demonstration project funded with California Climate Investments funds granted by the California Natural Resources Agency, Department of Conservation to the North Coast Resource Partnership.*
